games played. The first game to-day was a sing-ging match, in which Indianapolis was able to carry off the honors, through some poor fielding and rank errors. Gardner was forced to retire at the end of the sixth inning and Farnes, who took his place, pitched a strong game. In the first inning Madison disputed a decision of Sheri-dan's and was put on the bench. The second game was a pitchers' hattle. All of Indianapo-lis's runs were made on bases on balls. In the sixth inning Cleveland landed on Fatnes for two singles and a double, which gave them the lead.

Bridgeport, Conn., Aug. 22.—Two thousand bicycle enthusiasts were disappointed in the twenty-five mile motor-paced race between Jimmy Michael and Johnny Nelson at Pleasure Beach track this atternoon, Michael again being the cause.

In the seventh mile, when he was apparently riding in good form, the "Weish Rarebit" suddenly refused to follow his pacemakers and left the track. Nelson, however, continued the race and finished in 42 minutes 11-15 seconds. There were several stories current as to the reason Michael left the track, one being that he strained

eral stories current as to the reason Michael left the track, one being that he strained his leg, another that he had cramps, and the latter story, his trainers say, is the real reason.

The race was scheduled for 4.35 p. m., but Michaels did not show up until 5.15, and at 5.30 the race was started, with Michael at the pole. He caught his pace first, but Nelson passed him before they had gone half a lap. In the first lap Nelson gained about a length and a half, which lead he held throughout the mile.

In the second mile Nelson made another gain, which he held until the sixth mile, when the midget again tried to pass Nelson, and for nearly a third of a mile they rode neck and neck. In the seventh, to the great disappointment of the spectators, Michael dropped out and refused to ride any further. He immediately went to his training quarters, and a short time afterwards left the vicinity of the track.

At the time Flizzimmons and the Sailor had their famous battle, Fitzsimmons was at the zenith of his career as a puglist, and it was shortly after this contest that he won the championship of the world from Corbett at Carson City. While Fitzsimmons had a thorough knowledge of all the tricks of the prize ring, Sharkey only had a crude lidea of the elementary principles. In spite of his deficient knowledge of the finer points of sparring and ring generalship, the Sailor kept Fitzsimmons puzzied for a considerable period.

All of which goes to show that moving pictures of puglistic events, in addition to entertaining the public, may be made to serve other purposes.

Fitzsimmons saw Sharkey fight in the flesh but once, and says the showing was a poor one. Prior to that, he watched the shadowy seaman left hooking the phantom boilermaker on a canvas screen and became satisfied that Sharkey is no slouch at the slugging game.

DAWSON AGAIN BOOMING. Consul McCook Reports a New Era

of Prosperity.

Wachington, Aug. 22.—"Dawson appears to be starting in on a new era of prosper-ity," says United States Consul McCook, at Dawson City, in a report to the State De-partment. Dawson City, in a report to the State Department.

"Supplies are plentiful, and mining machinery in large quantities is coming into the city. Warehouses and wharves are being built, a new steamship company has started to do business, a new post office is in course of creatives of articles."

started to do business, a new post office is in course of erection, and estimates are now in for a new courthouse, a new Gold Commissioner's office and an executive building for the Commissioner of the Yukon territory. The prices on vegetables and meats have taken a drop from exorbitant to almost normal, although this has not affected the prices in the restaurants.

"The Tanana mining district is becoming more and more prominent. The country is rich, but difficult of access. Mosquitoes are very numerous and savage on the trail, and some persons returning from this district to Dawson City were so badly bitten that the medical authorities there mistook the bites for the marks of the dread smallpox and detained them."

EXPRESS' NARROW ESCAPE.

Well-Digging Wagon Broke Down in Knickerbocker's Path.

Muncie, Ind., Aug. 22.-The Knickerbocker had an exciting experience at 9 o'clock tonight, eight miles east of Muncle.

The train was making sixty miles an
hour, when Engineer Jake Caskey noticed
a man striking matches. He reversed the
throttle and was within ten feet of a welldigging wagon, weighing fifteen tons, when
the train stopped. The wagon had broken
down on the crossing, and only for a few
matches in the driver's pocket a terrible
collision would have happened. With long
ropes and a pulley the big locomotive pulled
the rigging from the track, after an hour's
work. Following close behind the Knickerbocker was an excursion train.

SOLVING NEGRO PROBLEM.

Colored Women Would Put Certain States Out of the Union.

Detroit, Aug. 22.—The State Federation of the Colored Women this afternoon adopted a memorial to President McKinley petitioning him to ask Congress to pay to the widow of the late Postmaster Baker of Lake City. S. C., \$40,060 in lieu of the life of her husband, which was lost during a race riot in that county. The memorial also says:

"We would like to ask for a law to be enacted to this effect—that should any State be found guilty of mob laws and lynching, it be expelled from the Union. The blacks could then evacuate and all the negrohaters could have a State of their own, wherein they need not see a black face. Thus we solve the negro problem."
